STEM Summer Resources

GOING VIRTUAL

With so many traditional summer programs cancelled and delayed, summer camps can be hard to find. These programs can be critical to combat summer learning loss, engage students in STEM activities, and provide traditional summer experiences. We've listed some of the online camps and programs happening this summer below.

UServeUtah

Utah Commission on Service & Volunteerism

The Utah STEM Foundation, the non-profit arm of the Utah STEM AC is pleased to announce a donation of \$50,000.00 to Utah's nonprofit organizations. This donation recognizes the importance of the integration between STEM and the arts and the need for support of cultural nonprofits.

The COVID-19 pandemic poses significant financial risk for Utah's nonprofit organizations working to assist vulnerable populations and support the cultural vibrancy of our state. UServeUtah has set up a fund that will allocate resources to these organizations to ensure that they can maintain operations as they face an increased need for the services they provide.

UServeUtah COVID-19 Donations will support nonprofit programming and services throughout the state. Donated funds will support cultural nonprofits and nonprofits focusing on health and human services, etc. For more information on how to join this effort and donate, [VISIT \[HTTPS://USERVE.UTAH.GOV/HELP/\]\(https://userve.utah.gov/help/\)](https://userve.utah.gov/help/).
